# TERMS & CONDITIONS

All commercial relationship between AKABA S.A. and their clients shall be governed by the following terms & conditions of sale, which shall be understood as accepted by the buyer by the mere fact of placing an order:

This price list becomes to effective on 1 April 2023, cancelling the previous price list and remaining in force until the publication of a new price list. All public prices do not include VAT.

## GENERAL CONDITIONS:

- Production lead time: 4-6 weeks for chairs and 6-8 weeks for desk systems and tables (excluding holidays and factory closing days).
- The type of transport included in this price list is consolidated. It includes transport to a warehouse at a ground level unloading point with easy access for trailers. Orders will be delivered within business hours without a fixed delivery day. The estimated transit for this type of shipments is 8-10 business days. AKABA cannot ensure deliveries in a shorter time than the one stipulated in this price list.
- Unloading and handling of the goods shall be at the expense of the receiver.
- The disposal and recycling of packaging shall be at the buyer's expense and is the buyer's responsibility.

## COUNTRY SPECIFIC CONDITIONS:

- ITALY/AUSTRIA/GERMANY/DENMARK: transport in DAP conditions and packaging in any of these countries is included for orders over 3.000 € net. For orders less than 3.000 € net, a fee of 150 € will be charged for transportation.
- SWITZERLAND: transport in DAP conditions and packaging in any of these countries is included for orders over 2.000 € net. For orders less than 3.000 € net, a fee of 180 € will be charged for transportation.
- UK/IRELAND: transport in DAP conditions. Transport and packaging are included for the UK mainland for England, Wales & Southern Scotland for orders over 3.000 €. For orders less than 3.000 €, a fee of 150 € will be charged for transportation. Extra fees may apply for Northern Scotland, Northern Ireland and non-UK mainland deliveries.

## ACCEPTANCE AND ORDER CONFIRMATION

The commitment of sales and delivery will not be firm until acceptance by means of an order confirmation sent on official AKABA document. If AKABA S.A. does not receive the conformity within a period of 3 working days, the confirmation will be the valid document. Any change after this period could imply a supplement that will be charged to the customer.

AKABA S.A. retains the right to introduce modifications or improvements for technical for technical or aesthetic reasons.

## ORDER MODIFICATION OR CANCELLATIONS

Order cancellations require previous approval where non-recuperable expenses by AKABA, S.A. will be evaluated and charged.

## PAYMENT TERMS

Payment will be fulfilled as per the terms included on the order confirmation. Orders are invoiced on the dispatch date that appears on the order confirmation. Factory pick-up orders are also billed on the date indicated in the confirmation.

## GUARANTEE

AKABA S.A. guarantees its products during 5 years against any manufacturing defect excluding under this concept any damage occurring due to incorrect use, negligence, natural wear of the product and of the material sent by the client.

---

## **TRANSPORT CLAIMS**

Any claim about flaws or damages caused during transport must be communicated within 48 hours of delivery and leaving a "NON CONFORMITY" message on the carrier's delivery note. Material control is recommended upon receipt of the merchandise.

Outside of this period, AKABA S.A. will not be responsible for any transportation claim. AKABA S.A. will not accept damage claims caused by transport for goods that are no longer in the delivery warehouse designated in the order confirmation.

## **JURISDICTION**

For any litigious or legal cases that may arise, the parties will be subject to the jurisdiction of the Courts of San Sebastián-Donostia, Spain.

## **CERTIFICATES AND AWARD**

- ISO 9001
- ISO 14001
- ISO 14006
- National Design Award 2000
- Premio Príncipe Felipe a la Excelencia Empresarial 2002

---

Colours out from standard fabric samples or soft leather sample cards, will have a 45 € net price increase per order.

## COF/COL

---

AKABA S.A. may require a previous sample in order to approve non standard fabric or Soft leather. AKABA S.A. cannot guarantee optimal upholstery with these fabrics or soft leathers. AKABA S.A. does not guarantee optimal upholstery with fabrics/leathers outside the collection and reserves the right to reject fabrics / leathers if they are not appropriate.

All materials supplied by the client will be sent postage paid. Any additional cost caused by the customer's material will be charged to the invoice.

AKABA S.A. is not responsible to any client or third party for claims or damages in relation to products upholstered with COF/COL materials

The footage calculated in the rate is for 140cm wide fabrics. For projects, consult the factory for possible uses and improvements of footage.

## OFF-COLOUR

---

Certain clothing and accessory dyes (such as those used on denim jeans) may migrate to lighter colours. This phenomenon is increased by humidity and temperature and is irreversible. AKABA S.A. will not assume responsibility for dye transfer caused by external contaminants and possible permanent staining caused by this phenomenon.

## WOOD TABLE TOPS

---

AKABA S.A. will not be responsible for the total uniformity and similarity in the tables that have more than one table top. The nature of this finish, its diversity of veins, tones and shades from one sheet to another, mean that exact uniformity cannot be guaranteed.

# Aia

Isaac Piñeiro

With smooth and clean curves, Aia is inspired by the Japanese sense of simplicity and harmony. Large surfaces of the finest wood and a line created by the tubular steel structure makes it visually very light.

Aia is a chair that fits anywhere in any space. Its pure lines and natural materials create a warm feeling. It is versatile and works in offices, hotels, restaurants and residential environments.

# Aia 4 Legs

Isaac Piñeiro

Chair without or with arms, steel tube of Ø16mm powder coated.

Seat and back in oak plywood natural varnished, option M-675 and M-676 with price increase. Seat upholstered or fully upholstered.

Polypropylene glides or felt glides with price increase.

 610x730x1080mm

 4 units (3 units upholstered)

# Lur

Pensi Design Studio

Lur is a family of chairs characterized by its enveloping design of round and organic outlines. The polypropylene one-shell seat, as comfortable as versatile, is available in a new colour range.

The programme offers infinite configuration options thanks to the variety of fabrics and the upholstery alternatives (frontal, partial or complete upholstery), as well as a wide selection of bases, which makes Lur an especially polyvalent collection.

A transversal and functional design, for all kinds of environments and markets.

# Lur 4 Legs

Pensi Design Studio

670X570X870 mm 1 unit

Chair with arms, powder coated Ø18mm steel tube structure. Chromed option with price increase. Seat-back-arms in one piece of polypropylene and fibreglass.

Supplementary upholstery only on seat, front upholstery or fully upholstered. Polypropylene glides, felt glides with price increase.

# Klasik

Gabriel Teixidó

Klasik is a wrap-around chair design, born as a new contemporary icon, where craftsmanship and wood meet technology to offer a wide range of finishes and solutions.

Its warmth, elegance and comfort reflect a timeless and classic personality, ideal for any room and circumstance. Thanks to its material and versatility, this chair can be decked out in casual style or given a more formal appearance, always bringing a unique touch to every atmosphere within a same space.

A moulded wooden body lends the chair its beauty and ergonomics, strongly marking its personality and character. It also offers the option of an upholstered seat pad for greater comfort. The possibility of combining different bases make Klasik a complete and flexible family, creating a perfect collection for hospitality and corporate use, and for spaces in the home.

# Klasik 4 Legs

Gabriel Teixidó

470X410X610 mm 1 unit

Chair with or without arms, frame made of steel tube Ø18mm powder coated or chromed with price increase, polypropylene glides, felt glides with price increase.

Seat and back in oak or walnut with option seat pad upholstered or seat and back pads upholstered.

# Kabi

Pensi Design Studio

Kabi means “nest” in our Basque language. Just sit on this chair and you’ll see why it gets its name. It’s that place that cuddles you, protects you and makes you feel good. It doesn’t take much to make you feel this comfortable. That’s the key to the small pleasures. And that’s the key to Kabi: maximum sensations with minimum resources.

Kabi is a complete range of chairs designed around a Polypropylene shell. A subtly flexible back allows each user to sit comfortably, to create their nest, to feel at home. Total well-being with a timeless image fully customizable with fabric or leather upholstery. The colours customize the seat, the structure and the legs.

Kabi is highly versatile and functions well for widely differing spaces and uses. You may find your nest in a restaurant or bar, perhaps as the basic chair with no armrests. It can also come with a swivelling aluminium base or with multilaminated wooden legs, ideal for offices or hotels. The bases with or without castors and the two heights multiply the possibilities of their use.

Although Kabi has discreet elegance as its essence, it can also stand out for its colour. We have a Kabi for every space and every person. We can help you to create your own Kabi; we adapt to your needs.

# Kabi 4 Legs

Pensi Design Studio

Stackable chair without or with arms (open and closed) and with the option of adding a desk tray.

Structure made of powder coated steel tube of Ø16mm for chair without arms and Ø20mm tube structure for chair with arms (open and closed) and for all versions with castors; option of hard or soft castors. Option for chromed finish with a price increase. Seat and back in one piece of Polypropylene.

Front upholstery only on seat or fully upholstered. With the additional option for stacking bumper to protect the seat pad upholstery when stacked. Polypropylene glides, option for felt with a price increase.

Without castors  610x730x1080mm  4 units  10 units  Expedition in 5 working days (Max. 50 units)

# *Kabi Kids*

Pensi Design Studio

Kabi means “nest” in our Basque language. Just sit on this chair and you’ll see why it gets its name. It’s that place that cuddles you, protects you and makes you feel good. It doesn’t take much to make you feel this comfortable. That’s the key to the small pleasures. And that’s the key to Kabi: maximum sensations with minimum resources.

The new Kabi Kids collection serves to expand the Kabi programme. With more compact seating which nonetheless maintains the characteristic comfortable, single-body design. The family presents a 4 legs structure, with four different heights and all of them stackable.

# *Kabi Stool*

Pensi Design Studio

The new Kabi Stool collection serves to expand the Kabi programme. With more compact seating which nonetheless maintains the characteristic comfortable, single-body design, offering different base options for a range of spaces. It is also available in two heights: a higher barstool and a medium-height stool for counters, in both private and public settings.

The product family features four different bases, including a 4-legged stacking option. All these variants combine with the Kabi single-body structure, in polypropylene or with fabric upholstery, and an endless array of finishes and colours. All of which goes to create an extensive and consistent collection, to resolve the different needs of the Hospitality and Contract market.

# Kabi Stool 4 Legs

Pensi Design Studio

# *Kabi Armchair*

Pensi Design Studio

Kabi Armchair is an armchair that is born from its more technical aspect due to its resistance to become a cozy armchair with upholstered arms without losing its essence. Like the Kabi collection, it comes in all its variants, with office base, sled, pyramid, wood and 4 legs with a variety of upholstery options providing a multitude of combinations.

# Kabi Armchair

Pensi Design Studio

Kabi 4 Legs		590x670x1150mm		2 units
Kabi Wood Legs		590x670x1150mm		2 units
Kabi Sled		590x670x1150mm		2 units

Non-stackable armchair with upholstered arms. Versions; 4 painted or chromed Ø16mm tube legs with supplement, wooden legs, painted or chromed Ø14mm steel sled with supplement.

Seat and back in one piece of 70% Polypropylene + 30% F.G. Fully upholstered with curved plywood arms, upholstered in fabric or soft leather.

# Gorka

Pensi Design Studio

Gorka has been and is the essence of Akaba: our best seller. Designed by Jorge Pensi, this is a chair capable of creating an atmosphere in all kinds of interior decoration projects. A chair of high design, ergonomic and customizable. Perfect for contract, office and home use, Gorka is an ideal model for projects requiring an ergonomic chair of high design. In its structure, gentle lines subtly combine, framed by the aluminium of its sides and legs. Classic elegance, timeless design.

Gorka comes in 3 versions adapted to the needs of each space: Gorka, Gorka XL and Gorka Lounge.

# Gorka Polyamide

Pensi Design Studio

# Branka

Pensi Design Studio

A versatile chair, easy and strong, made to withstand everyday contract wear and use. Meet Branka, meaning “bow” in Basque. Ships have always set sail from our territory with their bow pointing towards the immensity of the seas, strong and inexorable, unstoppable by any obstacles. This tribute to our marine past and present, to the bravery and hardiness of our “arrantzales” (fishermen and women), is represented in Branka.

A chair capable of meeting any challenges thrown at it: with tremendously strong joints, and with a resistance and durability that can withstand (almost) anything. And yet also easy to assemble, easy to manufacture and easy to upholster. A chair with our complete DNA which, immediately it was created, comfortably entered the Akaba catalogue, with elegance and reliability.

# Branka Polypropylene

# Ados

Miguel Ángel Ciganda

We agree: big events must be equipped with furniture capable of providing comfort to exceptional individuals. Of accommodating them... and of attracting them to meeting points.

Ados, from the Basque for being "in agreement", is a line of chairs designed to provide comfort during long talks. Supported by curved lines which, while lending stability, seem to bring those sitting in them closer to one another, encouraging their eyes to meet, their complicity.

This design also maximizes the concept of stackability. Ados is perfect for large projects (multi-purpose rooms, auditoriums and conventions), as well as for medium-sized projects (training and meeting rooms, canteen...).

# Ados

# Muga & Muga-2

Pensi Design Studio

Expressiveness, sharpness and precision. The harmony between the high quality components and exceptional design results in an elegant and tremendously operative ensemble. The Muga office chair, initially designed for executive offices, is the living image of the change in corporate culture taking place in recent years. Muga creates an office environment inviting both creativity and team work.

Muga offers three back heights (low, medium and high) as well as different possibilities for its bases, backs and arms. Because every executive would rather be comfortable if they are to give the best of themselves.

Muga-2 is an operative office chair, ideal for those work environments striving to become spaces for meetings and creativity. The new corporate culture finds its design and functionality in this Muga-2.

With arms (in different materials and shapes, including the option of an adjustable arm) or without; with myriad upholstery options and a wide variety of bases... Muga-2 can be fully customized, but always combining design, effectiveness and usability.

# Muga

Pensi Design Studio

680x560x840mm 1 unit

Office chair with 5 support base in painted or polished aluminum, gas cylinder elevation, synchro mechanism, seat with depth adjustment option and upholstered back.

Option of fixed polished or painted aluminum arms, or 2D or 3D adjustable arms.

# Hanna

Francesc Rifé

A feminine piece of pure and elegant lines which invites you to nestle down cosily yet which is also cordially open to others. Welcoming, comfortable and sensual; Hanna is perfect for decorating work spaces, places to receive the visits of collaborators and customers... or spaces to be lived in.

Whether inside our homes or out (a hotel lounge or dining room), this chair loves to discover new places and will always welcome you with its arms wide open. Hanna adapts to any atmosphere and context thanks to its different variations.

Its timeless design combines character and harmony with different materials, offering up to five different options of leg type. Aluminium, steel or wood create a versatile ensemble visible in the two available heights that can turn Hanna into an elegant armchair.

# Hanna 4 Legs

Francesc Rifé

Armchair, made of powder coated steel tube frame of Ø22mm, 4 legs with glides. Option glides with felt with price increase.

Shell in one piece of beech veneer upholstered in fabric or leather. Available in two heights.

# Xoko & Gune

Iratzoki Lizaso

A collection of stools for sharing thoughts and ideas in collaborative environments. With generous seat dimensions, Xoko is at the same time both symmetrical and asymmetrical. Its unique shape envelops the user. Its design makes it possible to sit in different directions, yet retain comfort.

The Xoko stools program livens up spaces and helps to foster conversations and the sharing of ideas. In open areas, it offers different configurations where you can just sit and connect with the physical space.

As for the Gune tables, its rounded corners that define a kind contour. The cross-shaped base and rounded vertices enhance the character of the Gune table program. The possibility of a double countertops brings another dimension to the table and functions as an auxiliary surface, thus allowing more space.

Gune is a program of tables with multiple configuration possibilities to form casual spaces, both work and leisure. Gune tables are available in 5 heights to combine with stools and chairs in both working and lounge spaces. There is a simple column option as well as an elongated version with two columns.

# Ostoa

Ander Lizaso

Ostoa is a collection inspired by the natural and light beauty of a leaf. With charming and soft forms, the programme has been designed for soft-seating zones.

Thanks to its different sizes, materials and upholstery options, Ostoa offers the possibility of creating personalized surroundings. As it happens with the falling leaves in autumn, it allows designing harmonious combinations in an intuitive and unpremeditated way.

# Topa

Pensi Design Studio

In our language, Topa means gathering with or meeting other people in a same place. That's the idea behind this collection of casual design and pure lines. The Topa collection is based on individual, easy-to-assemble pieces offering myriad layout possibilities.

A selection of armchairs, tables and pouffes serving to create different atmospheres for working or relaxing: offices, waiting areas, open spaces, chill-out or coworking spaces, spaces to meet, eat & take a break... The variety of materials and fabrics applicable to the whole collection helps to create connected atmospheres.

# Topa Pouf

Pensi Design Studio

Poufs available in 4 different sizes, upholstered in fabric or soft leather with glides. Option glides with felt with supplement. Castors available with supplement for the pouf of Ø800mm.

# Topa Table

Pensi Design Studio

Tables available in 2 diameters and 3 heights. Structure in steel tube Ø500mm and steel base 10mm thick with rubber glides.

Table tops with straight edges in melamine 20mm, compact - HPL 13mm, or varnish wood 20mm. Rounded edges for plywood laminated 20mm.

Type of edges per table top:

Melamine and wood:  
Straight edges

Compact - HPL:  
Straight edges, black body

Plywood laminated:  
Rounded edges

# Tknika

Francesc Rifé

Tknika designed by Francesc Rifé, is a new collection of multipurpose tables for the office and home.

A scalable program with multiple applications to meet all the needs of large groups, and that at the same time adapts to create the home office.

# Tknika

Francesc Rifé

## TABLE TOPS

19mm thick table top in melamine with ABS edges, MDF board veneered in natural wood, 20mm black fenix or 12mm compact - HPL.

## WOOD TABLE TOPS

AKABA S.A. will not be responsible for the total uniformity and similarity in the tables that have more than one table top. The nature of this finish, its diversity of veins, tones and shades from one sheet to another, mean that exact uniformity cannot be guaranteed.

## STRUCTURES

Option of legs in painted aluminum, natural beech wood or natural oak.

## JOINTS

Painted aluminum injection joints for direct 90° and 180° legs.

## DISTANCE BETWEEN LEGS (DP)

The distance between legs for the H750mm tables is measured from the height of 450mm.

The distance between legs for the H1050mm tables is measured from the height of 750mm.

## COLLABORATIVE VERSION (TABLE OVERHANG FOR INTERMEDIATE SUPPORT LEGS)

### TKNIKA COLLABORATIVE H750

Width = / < 1200 distance between the Collaborative legs and the worktop is 228mm.  
Width > 1200 distance between the Collaborative legs and the worktop is 400mm.

### TKNIKA COLLABORATIVE H1050

Width = / < 1200 distance between the Collaborative legs and the worktop is 273mm.  
Width > 1200 distance between the Collaborative legs and the worktop is 445mm.

# Usoa

Tabuena & Leache Arquitectos

Fusion of a light yet robust table design. Usoa is a meeting table program that meets and exceeds all expectations. It offers the best features of a table: robust worktops of natural materials, solid structure of metal with a clean light design that creates great personality.

One of the main features of the Usoa program is its ability to cover large lengths, creating robust tables up to 5.4 meters long and 1.6 meters wide with only two columns. The multiple combinations of surface, colour, shape and size allow you to create the perfect meeting table for any application.

---

# Usoa

Tabuena & Leache Arquitectos

## TABLE TOPS

---

19mm thick table tops in melamine with ABS edges or MDF board veneered in natural wood with acrylic matt UV protection varnish available in several finishes.

## WOOD TABLE TOPS

---

AKABA S.A. will not be responsible for the total uniformity and similarity in the tables that have more than one table top. The nature of this finish, its diversity of veins, tones and shades from one sheet to another, mean that exact uniformity cannot be guaranteed.

## LEGS

---

Legs with height adjustable glides in folded powder coated steel of 8 mm thickness.

## CABLE MANAGEMENT SYSTEM

---

Compass leg 75°: Flexible cable riser in black or white colour and U shaped melamine central beam to allocate cables and electrical outlets. Top access on top in metal powder coated black or white.

Balance leg 90°: Cable riser with open cover placed on the "balance" leg. The central steel structure allows cabling along the beam. Top access on top in metal powder coated black or white.

(\*) WOODEN TABLE TOPS: AKABA S.A. will not be responsible for the total uniformity and similarity in the tables that have more than one table top. The nature of this finish, its diversity of venis, tones and shades from one sheet to another, mean that exact uniformity cannot be guaranteed.

---

# Aski

This collection of Aski tables has a timeless appeal that makes it suitable for use in a wide range of domestic, public, educational or corporate settings thanks to its simplicity, durable construction and practical design.

The tables come in a range of sizes with a center column with three different height options, as well as two additional support bases that can be either round or square.

## TABLE TOPS

Top 19mm melamine, 12mm compact - HPL, 20mm fenix, 20mm bevelled plywood laminated or 19mm wood veneer.

## STRUCTURES

Base square or round in S-275 grade steel in several dimensions depending on the top size. Bevelled edges and smoothed surfaces to ensure the optimal adhesion to the paint. Variable widths of sheet from 5mm to 16mm. Powder coated finish. Base prepared for electrification exit. Robust polyamide screwed glides. Good slip, high durability and floor protection.

Column cylindric steel tube from Ø60mm to Ø100mm, 2mm thick. S-275 grade available in several heights. High precision laser tube cutting. Powder coated finish.

## ELECTRIFICATION SYSTEM

Two types of electrifications available: Electrification with 2USB or electrification with 1 electrical outlet + 1 USB A and C.

## TYPES OF EDGES PER TABLE TOP

Melamine, wood and black Fenix:  
Straight edges

Compact - HPL:  
Straight edges, black body

Plywood laminated:  
Bevelled edges

## CLIENT TABLETOPS' CUT OUT

· 370mm and 490mm bases.

· 615mm bases.

· 745mm bases.

Distance between holes' centres.

NOTE: THE BASE SIZE IS INDICATED IN THE COMMERCIAL REFERENCES.

## EXAMPLE OF AN INTEGRATED ELECTRIFICATION SYSTEM

---

# Carma & Carma Folding

Pensi Design Studio

Adaptable to all kinds of spaces, thanks to its wide range of shapes and dimensions, Carma is a modular desk system that creates meeting areas in both conference rooms and coffee corners.

The tops, in customizable material and thickness, are supported by steel columns and a four-star aluminium base. The base has the resistance and lightness of injected aluminium, making these desks tremendously hardwearing and easy to transport. Available in different heights, and in a wide range of compositions.

Carma Folding is a table designed to meet the needs of contract projects, meetings, conference and training rooms. With a folding top thanks to an easily operated mechanism, Carma Folding enables the space required to work to appear and disappear fast and simply. The fact that it can be stacked also means that it takes up very little room.

Its hardwearing and lightweight aluminium base stands on braked castors and connects to the top by means of a tubular steel column. The top (in customizable material and thickness) gives the whole the appearance of being solid, and that's something it definitely is!

# Carma

Pensi Design Studio

Table program made out of bases in polished, powder coated injected aluminium with 2 options of plastic glides, big or small, or metallic glides powder coated or chromed. Column made out of Ø60mm steel in three height with 4 arms cross in injected aluminium, powder coated or chromed.

## TABLE TOPS

Table tops in compact - HPL 12mm, melamine 19mm or wood 19mm.

## WOOD TABLE TOPS

AKABA S.A. will not be responsible for the total uniformity and similarity in the tables that have more than one table top. The nature of this finish, its diversity of veins, tones and shades from one sheet to another, mean that exact uniformity cannot be guaranteed.

# Bat Office

Francesc Rifé

In Basque, “bat” is the beginning, the first number. Design, style and functionality are... one. They're Bat. But Bat also reflects the concept of “unity”. Because at Akaba we unite to work, to design, create and dream.

Taking that idea as our basis, we develop this desk which unites balanced design with style and impressive functionality. Everything has a reason to be and flows in the same direction. Each of us have our space, but united we create a space for everyone.

---

# Bat Office

Francesc Rifé

## TABLE TOPS

---

Table tops made of 30mm thick melamine with ABS edges with integrated electrical / data boxes with top access. Steel frame under structure in powder coated finish.

## OPEN END LEG/SOLID LEG

---

Open end 2mm (3/32") thick steel leg measuring 70x20mm (2 3/4" x 3/4") powder coated with leveling glides. Melamine solid leg T-shape made of 30mm (1 1/4") thick melamine with ABS edges with leveling glides. Optional shelves.

## BUCKS/DRAWER

---

Bucks with casters in melamine, 20mm (3/4") thick. Front of drawers in melamine with steel drawer runners and stop control system. Exchangeable looks with optional master key. Options: 1 drawer, 3 drawers, 1 drawer + file drawer.

## SUPPORT CABINETS FOR EXECUTIVE WORKSTATIONS

---

Frame, tops, doors and shelves made of 20mm (3/4") melamine with leveling glides. Front of drawers in melamine with handles and steel drawer runners. Exchangeable locks with optional master key.

## SUPPORT CABINETS FOR SPINE COMPOSITIONS

---

Frame, tops, doors and shelves made of 20mm (3/4") melamine with leveling glides. Storage cabinet options: open, open with Gromet, 3 drawers, with doors, low configuration with upholstered padded cushion.

## ELECTRIFICATION SYSTEM

---

Composed of metal top access with front opening.

Workstation: made of a cable duct for raising cables and a metal tray to allocated the electrification kit

Spine compositions: made of cable riser duct through cabinet and metallic tray to allocated the electrification kit.

Executive workstation: cable rise through support cabinet by cable duct and metal tray for allocated the of electrification kit.

Bench composition: cable riser through a solid metal column and large capacity trays for allocated the electrification kits and cables.

Meeting tables: cable rise through a solid metal column and metal trays to allocated the electrification kit and cables.

## ACCESSORIES

---

Multiple possibilities for accessories: melamine or upholstered screen dividers (optional LEED lighting), great variety of metal trays, file metal trays, mobile storage, CPU containers, flexible cable risers.

## DIVIDERS

---

Melamine of 19mm or upholstered for bench.

# *Bat Executive*

Francesc Rifé

A desk to work at and meet around. There's always space for more knowledge. Bat is united around an objective. Bat Executive is a space open to weighing up opinions, to hearing new ideas and leading new projects. The key lies in the union. Everything is easier if you know others are behind you.

Special for its simplicity, Bat has been created so that ideas can flow, so that people can share their knowledge and generate synergies. The difference lies in the details: walnut wood and leather finish; steel sled legs in painted steel...

---

# Bat Executive

Francesc Rifé

---

## TABLE TOPS

Table top made of a double layer of 60mm (2 3/8") thick MDF board creating a 3 mm (1/16") edge with integrated top access veneered in natural wood with acrylic matt UV protection varnish available in several finishes.

Table surface upholstered in Eco leather in several finishes.

Powder coated steel frame structure integrated underneath the desk surface.

---

## WOOD TABLE TOPS

AKABA S.A. will not be responsible for the total uniformity and similarity in the tables that have more than one table top. The nature of this finish, its diversity of veins, tones and shades from one sheet to another, mean that exact uniformity cannot be guaranteed.

---

## U-SHAPED LEG/COLUMN LEG

U-shaped leg in 2 mm (1/16") thick steel measuring 80x20 mm (3 1/8" x 3/4"), powder coated, with leveling glides.

---

## BOOKCASE CABINET AND BOOKCASE PEDESTAL

Table supported bookcase cabinet made of 20 mm (3/4") thick MDF board veneered in natural wood with acrylic matte UV protection varnish available in several finishes. The bookcase cabinet is elevated. External part with bookcases and lacquered book ends and dividers. Internal part with a door to accommodate a briefcase or bin, 3 drawers provided with pencil case in wood, lock and metal drawer slides with automatic drawer closing system. Sliding door.

Pedestal made of a 20 mm (3/4") thick MDF board veneered in natural wood with acrylic matte UV protection varnish available in several finishes. The bookcase pedestal is elevated. External part with bookcases and lacquered bookends and dividers. Internal part with 3 drawers provided with wood pencil case, lock and drawer slides with automatic drawer closing system. Provided with a door to accommodate a briefcase or bin.

---

## ELECTRIFICATION SYSTEM

Integrated cable management system in all technical furniture. The access to the electrical outlets is on the inside of the furniture and cable risers and cable trays are provided.

---

## MEETING AND BOARD ROOM TABLES

Table top made of a double layer of 60 mm (2 3/8") thick MDF board creating a 3 mm (1/16") edge with integrated top access veneered in natural wood with acrylic matt UV protection varnish available in several finishes.

U-shaped leg in 2 mm (1/16") thick steel measuring 80x20 mm (3 1/8" x 3/4"), powder coated, with leveling glides. Powder coated steel frame structure integrated underneath the desk surface.

The cable management system is designed through a central column in textured, lacquered MDF with access for cable rising with cable tray for electrical units. Top access from table tops.

---

## BOOK CASE CABINETS

Modular bookcases in 2 different heights with swing doors. Outside done in 20 mm (3/4") thick MDF board veneered in natural wood with acrylic matte UV protection varnish available in several finishes. Inside in graphite. Floor leveling glides. Locks and handles available.

Book shelving with graphite back and 3 shelves of 40mm (1 1/2") thick MDF veneered in natural wood with acrylic matte UV protection varnish available in several finishes.

# Zubi

Range of cabinets with an extraordinarily flexible composition. Simple lines, numerous combinations and excellent adaptation to all needs. The detachable connections make it easy to change the distribution of the architectural spaces and the modules with their fully finished backs simplify the task by doubling as dividers when required.

Inside, the cabinets are fully designed for flexibility: the units come with levelling feet accessible from the interior, fixed or mobile shelves, doors which can be regulated and adjusted, with hinges opening to 110°... Zubi thinks of all details, creating filing solutions for hanging folders, with a pull-out frame. If we add to all of this the quality and durability of their materials, each of the components in these cabinets becomes a guarantee of success.

## TECHNICAL SPECIFICATIONS BY FABRIC

### *Blazer by Camira*

GROUP A

Composition	100% Pure Virgin Wool. Non-metallic dyes.
Weight	460 gr/m <sup>2</sup> ±5%
Abrasion resistance	50.000cl Martindale
Flammability	EN 1021 - 1&2 (cigarettes and matches) • BS 7176 Low risk • NF D 60-013 • ÖNORM B 3825 and A 3800-1 (58 kg/m <sup>3</sup> CMHR foam) • UNI 9175 Class 1 IM • BS 476 Part 7 Class 1 (Adhered) • EN 13501-1 Adhered Class D, s1, d0 • IMO FTP Code (Part 8) • Furniture and Furnishings (Fire Safety) Regulations 1988 (UK National Cigarettes and Matches) • BS 5852 Ignition source 5 when dealing with FR • BS 7176 Medium hazard when dealing with FR • BS 476 Part 6 Class 0 when dealing with FR (adhered) • EN 13501-1 Adhered Class B, s1, d0 when treated with FR • EN 13501-1 Unadhered Class D, s2, d0 when treated with FR • BS 5867-2 Curtains and drapes type B with FR treatment.
Maintenance	Vacuum regularly. Clean with a damp cloth with soap and water or use a patented upholstery shampoo. For deeper cleaning, use steam or professional dry cleaning. www.camirafabrics.com

### *Breeze Fusion by Gabriel*

GROUP A

Composition	88% New Zealand wool, 12% Polyamide.
Weight	590 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	BS 5852 Part 1 0.1 Cigarettes and matches, Furniture and Equipment Regulations 1988 • BS EN 1021 1 and 2 Cigarettes and matches • CA TB 117-2013 • ASTM E 84 Class 2 • Class One UNI 9175 Class 1 I EMME • AM 18 - NF D 60-013-(for fabric only) • It will also pass other flammability standards. Flame retardant performance depends on the foam used. It does not contain flame retardant chemicals.
Maintenance	Dry cleaning. www.gabriel.dk

### *Crisp by Gabriel*

GROUP A

Composition	93% New Zealand wool, 7% Polyamide.
Weight	460 gr/ml
Abrasion resistance	200.000cl Martindale
Flammability	BS 5852 Part 1 0.1 Cigarette & Match, The Furniture and Furnishing Regulations 1988 • BS 476 Part 7 class 2 • BS EN 1021 1&2 Cigarette and Match • Class Uno UNI 9175 Class 1 I EMME • CA TB 117-2013 • IMO MSC 307(88) Annex 1 part 8 • MED Certificate IMO • IMO MSC 307(88) Annex 1 part 8 UK • MED Certificate IMO UK • ÖNORM A3800-B2-B3825-Q1 UK • Will also pass other flammability standards. Flame retardant performance is dependent upon the foam used. Contains no flame retardant chemicals.
Maintenance	Dry cleaning. www.gabriel.dk

### *Focus by Gabriel*

GROUP A

Composition	100% New Zealand wool.
Weight	660 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	BS EN 1021 1 and 2 Cigarettes and matches • BS 5852 Part 1 0.1 Cigarettes and matches, Furniture and Equipment Regulations 1988 • CA TB 117-2013 • ASTM E 84 Class 2 • Class One UNI 9175 Class 1 I EMME • AM 18 - NF D 60-013-(for fabric only) - ÖNORM A3800-B1-B3825-Q1 United Kingdom • It will also pass other flammability standards. Flame retardant performance depends on the foam used. It does not contain flame retardant chemicals.
Maintenance	Dry cleaning. www.gabriel.dk

### *Focus Royal by Gabriel*

GROUP A

Composition	100% New Zealand wool.
Weight	630 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	BS EN 1021 1 and 2 Cigarettes and matches • BS 5852 Part 1 0.1 Cigarettes and matches, Furniture and Equipment Regulations 1988 • Class One UNI 9175 Class 1 I EMME • CA TB 117-2013 • ASTM E 84 Class 2 • It will also pass other flammability standards. Flame retardant performance depends on the foam used. It does not contain flame retardant chemicals.
Maintenance	Dry cleaning. www.gabriel.dk

### *Grain by Gabriel*

GROUP A

Composition	80%-92% post-consumer recycled polyester, 8%-20% polyester.
Weight	615 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	BS EN 1021 1 and 2 Cigarettes and matches • BS EN 1021-1 Cigarette • CA TB 117-2013 • Contains no flame retardant chemicals. It will also pass other flammability standards. Flame retardant performance depends on the foam used.
Maintenance	Dry cleaning. www.gabriel.dk

## Remix 3 by Kvadrat

GROUP A

Composition	90% combed Virgin Wool, 10% Nylon.
Weight	420 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	BS 5852 Crib 5 with treatment • BS 5852 part 1 • IMO FTP 2010 Code Part 7 with treatment • IMO FTP 2010 Code Part 8 • NF D 60 013 - NFPA 260 • SN 198 898 5.3 with treatment • UNI 9175 1IM • US Cal. Bull. 117-2013 • EN 1021-1/2 • AS/NZS 3837 class 2 • ÖNORM B1/Q1 • ASTM E84 Class A Unbound • ASTM E84 Class A Adhered • EN 13501 B-s2, d0 with treatment - GB 50222 B1 with treatment (Chinese) • AS/NZS 1530.3
Maintenance	Professional dry cleaning. Iron at low temperature (max 150 °C). www.kvadrat.org

## Ascot by Elastron

GROUP B

Composition	100% Polyester.
Weight	970 gr/ml
Abrasion resistance	80.000cl Martindale
Flammability	BS 5852 Part 1 (cigarettes) - EN 1021-1 (cigarettes) - CA Tech. Bull. 117:2013 / NFPA 260 (cigarettes).
Maintenance	Clean with a damp cloth. www.elastrongroup.com

## Cyber by Gabriel

GROUP B

Composition	100% post-consumer recycled Polyester.
Weight	570 gr/ml
Abrasion resistance	120.000cl Martindale
Flammability	BS EN 1021 1 and 2 Cigarettes and matches • CATB 117-2013 • It will also pass other flammability standards. Flame retardant performance depends on the foam used. It does not contain flame retardant chemicals
Maintenance	Dry cleaning. www.gabriel.dk

## Go Uni by Gabriel

GROUP B

Composition	100% Trevira.
Weight	435 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	BS 7176 Medium hazard • BS 5852 Crib 5 • BS EN 1021-1 Cigarette • BS EN 1021 1 and 2 Cigarettes and matches • DIN 4102-B1 • PFN 92-503/504/505 M1 • ÖNORM A3800-B1-B3825-Q1 UK • Class 1 UNI 9175 Class 1 I EMME • FAR/JAR 25. 853 (a) (i) (ii) • CATB 117-2013 • DIN EN 13501-1 B-s1,d0 • AM 18 - NF D 60-013-(for fabric only) • It will also pass other flammability standards. Flame retardant performance depends on the foam used
Maintenance	Dry cleaning. www.gabriel.dk

## Main Line Flax by Camira

GROUP B

Composition	75% Virgin Wool, 25% Flax.
Weight	437 gr/m <sup>2</sup> ±5%
Abrasion resistance	50.000cl Martindale
Flammability	EN 1021 - 1&2 (cigarette & match) • BS 7176 Low Hazard • BS 7176 Medium Hazard • ÖNORM B 3825 & A 3800-1 (58kg/m <sup>3</sup> CMHR Foam) • UNI 9175 Classe 1 IM • BS 5867-2: Type B Curtains & Drapes • BS 5852 Ignition Source 5 • NF D 60-013 • The Furniture and Furnishing (Fire Safety) Regulations 1988 (UK domestic cigarette and match) • IMO FTP Code (Part 8) • BS 476 Part 7 Class 1 (Adhered) • EN 13501-1 Adhered Class B, s1 ,d0
Maintenance	Vacuum regularly. Wipe with a damp cloth using a proprietary upholstery shampoo/ soap. For deeper cleaning use steam or professionally dry clean. www.camirafabrics.com

## Step Melange by Gabriel

GROUP B

Composition	100% Trevira.
Weight	470 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	DIN 4102-B1 • PFN 92-503/504/505 M1 • BS EN 1021 1 & 2 Cigarettes and matches • BS EN 1021-1 Cigarette • BS 5852 Crib 5 • ÖNORM A3800-B1-B3825-Q1 UK • FAR/JAR 25. 853 (a) (i) (ii) • AM 18 - NF D 60-013-(only for fabric) • CATB 117-2013 • Class 1 UNI 9175 Class 1 I EMME • DIN EN 13501-1 B-s1,d0 • IMO MSC 307(88) Annex 1 part 8 • Certificate MED IMO • IMO MSC 307(88) Annex 1 part 8 UK • Certificate MED IMO UK • CAN/ULC-S102.2 • CAN/ULC-S109 • It will also pass other flammability standards. Flame retardant performance depends on the foam used
Maintenance	Dry cleaning. www.gabriel.dk

## Valencia by Spradling

GROUP B

Composition	100% Vinyl coating, 100% Hi-Loft 2TM Polyester support.
Weight	650 gr/m <sup>2</sup>
Abrasion resistance	300.000cl Martindale
Flammability	AT: ÖNORM A 3800 Part 1, smoke class Q1 - low smoke • AT: ÖNORM B 3825, GROUP 1 - Hardly combustible behavior • DE: DIN 4102 B2 • ES: UNE 23.727-90 1R/M.2 • EU: ECE Regulation No. 118:03 (R118.02 Annexes 6, 7 and 8) • EU: EN 1021, Part 1 and 2 • EU: EN 71-2:2006+A1:2007 - Toy safety - Part 2: Flammability • FR: NF P 92-503/M2 • IMO FTP 2010 Code MSC.307 (88) Part 8 3.1 and 3.2 • IT: UNI 9175 (1987) / UNI 9175/FA1 (1994) Class 1.1M (UNO I EMME) • (MED) Marine Equipment Directive (in its current version) 2 • USA: CAL TB 117-2013, Section E • USA: Compliance with ASTM E 84 - Class I • USA: FAR 25/853 • USA: FMVSS 302 • USA: NFPA 260 - Class 1
Maintenance	Clean with a damp cloth. www.spradling.eu

---

## *Citadel by Camira*

**GROUP C**

Composition	100% flame retardant Polypropylene.
Weight	230 gr/m <sup>2</sup> ±5%
Abrasion resistance	30.000cl Martindale
Flammability	EN 1021 - 1&2 (cigarette & match) • BS 7176 Low Hazard • DIN 4102 B1 • ÖNORM B 3825 & A 3800-1 (58kg/m <sup>3</sup> CMHR Foam) • UNI 9175 Classe 1 IM • EN 13501-1 Adhered Class B, s1, d0 • EN 13501-1 Un-adhered Class B/C, s1, d0
Maintenance	Vacuum regularly. Wipe with a damp cloth using a proprietary upholstery shampoo/soap. For deeper cleaning use bleach or alcohol. www.camirafabrics.com

---

## *Gravity by Camira*

**GROUP C**

Composition	76% Polyester, 24% Post consumer recycled Polyester.
Weight	295 gr/m <sup>2</sup> ±5%
Abrasion resistance	80.000cl Martindale
Flammability	EN 1021 - 1&2 (cigarette & match) • BS 7176 Low Hazard • EN 13501-1 Adhered Class B, s2, d0 • EN 13501-1 Un-adhered Class B, s1, d0
Maintenance	Vacuum regularly. Wipe with a damp cloth using a proprietary upholstery shampoo/soap. For deeper cleaning use steam, bleach, alcohol or professionally dry clean. www.camirafabrics.com

---

## *Medley by Gabriel*

**GROUP C**

Composition	100% Polyester.
Weight	510 gr/ml
Abrasion resistance	75.000cl Martindale
Flammability	BS EN 1021 1&2 Cigarette and Match • BS EN 1021-1 Cigarette • BS 476 Part 7 class 2 • Class Uno UNI 9174 - UNI 8457 • ÖNORM A3800-B2-B3825-Q1 UK • CA TB 117-2013 • ASTM E 84 Class 1 • Will also pass other flammability standards. Flame retardant performance is dependent upon the foam used. Contains no flame retardant chemicals.
Maintenance	Wash or dry cleaning. www.gabriel.dk

---

## *Tonal by Gabriel*

**GROUP C**

Composition	99% post-consumer recycled Polyester, 1% Polyester.
Weight	315-385 gr/ml
Abrasion resistance	100.000cl Martindale
Flammability	CA TB 117-2013 • ASTM E 84 Class 1 • BS EN 1021 1&2 Cigarette and Match • BS EN 1021-1 Cigarette • BS 476 Part 7 class 1 • DIN EN 13501-1 B-s1,d0 (glued) • Will also pass other flammability standards. Flame retardant performance is dependent upon the foam used. Contains no flame retardant chemicals.
Maintenance	Wash or dry cleaning. www.gabriel.dk

---

## *Basic F.R. by Exit Solutions*

**GROUP D**

Composition	100% Polyester.
Weight	355 -470 gr/m <sup>2</sup> ±5%
Abrasion resistance	100.000cl Martindale
Flammability	UE: EN 1021 1/2 • UK: BS 5852 0 • UK: BS 7176 Low Hazard • USA: CAL TB 117 Section 1 • USA: NFPA 260 Class 1 • Regulation n° 118 UNECE Annex 6 • IMO MSC.307 (88) Annex I Part 8
Maintenance	Vacuum regularly. In case of stains, use a damp cloth with neutral soap suitable for cleaning of upholstery products. www.exitfabrics.com

---

## *Leather by Antic Cuir*

**LATHER**

Composition	Highly versatile European cowhide with regular grain and high cutting performance. Rectified and pigmented.
Characteristics	1,1 - 1,2mm • Embossed • 5m <sup>2</sup>
Flammability	UNE EN 1021-1&2 • California Technical Bulletin 117-2013 - IMO MSC.307 (88) Annex 1 Part 8 • Approval according to R118 "European standard for coaches and buses" • All skins are REACH compliant.
Maintenance	For cleaning and maintenance recommendations visit the supplier's website. www.anticcuir.com
