Its warmth, elegance and comfort reflect a timeless and classic personality, ideal for any room and circumstance. Thanks to its material and versatility, this chair can be decked out in casual style or given a more formal appearance, always bringing a unique touch to every atmosphere within a same space.

A moulded wooden body lends the chair its beauty and ergonomics, strongly marking its personality and character. It also offers the option of an upholstered seat pad for greater comfort. The possibility of combining different bases make Klasik a complete and flexible family, creating a perfect collection for hospitality and corporate use, and for spaces in the home.

Ostoa is a collection inspired by the natural and light beauty of a leaf. With charming and soft forms, the programme has been designed for soft-seating zones.

Thanks to its different sizes, materials and upholstery options, Ostoa offers the possibility of creating personalized surroundings. As it happens with the falling leaves in autumn, it allows designing harmonious combinations in an intuitive and unpremeditated way.
